

Nixon Marine Global

Product Listing 2019

Our Company

We import premium marine products from Europe to supply marine distributors and boat builders within North America. We ship from our own inventory in Maine to eliminate the need for customs, duties, trans-atlantic shipping and minimum quantities.

We rely on a mix of sales people for our own staff to well established independent rep groups

We have been involved in the North American Marine industry since mid-1990's in both OEM and Aftermarket

Warehouse, Returns, Checks:
